

Round and Round we go  
Revolving through our days  
Turning around and around  
Sometimes 16  
Sometimes 33  
Sometimes 45  
But still sometimes 78  
    Turning  
Every revolution is another year  
Every ten years another decade  
Around and around we spin  
Until one day when the revolving stops  
    --and life doesn't turn anymore.
